

# Samuel Jarai

1872 3rd Close Warren Park 1 Harare Zimbabwe

263775361584 | jarai.samuel@gmail.com

## Objective

---

I am a self motivated software engineer seeking a full-time position in development where I can lend my knowledge of solutions design and implementation to assist your organization by stream lining your existing services and implementing new ones.

## Experience

---

- Freelancing** 2017 - Present  
Software Engineer  
I worked on many projects as a freelance software engineer including but not limited to:  
A chatbot that would help individuals register with NSSA. (+263 77 883 9711)  
An online store which is currently one of zimbabwes biggest. (pahukama.com)  
An anxiety monitoring application using Wear OS and galaxy watch.  
An online art gallery that facilitates internet payments via the local payment gateway paynow. (tendaijarayi.com)
- LADS Africa** 2021 - 2023  
Software Developer  
I worked as a software developer at LADS where i developed multiple module extensions for their inhouse ERP.  
I trained and deployed said modules to multiple municipalities all over Zimbabwe.  
I also developed a service that linked the LADS ERP Billing Module with ZIMRA to avoid manual tax calculations.

## Education

---
